The choir boys have all their expenses paid, and the other boys are taken for the camp fee of \$10. It is hoped that it may be possible to raise a reserve fund of \$50, in order to take ten additional boys for half of the camp fee. The object is to give the boys a three weeks' outing with the same care and supervision they would have in any of the well-known New England school camps, at a cost within the means of the boy who earns his vacation money during vacation time.

The Church of the Ascension has begun and contemplates extensive and varied improvements during the summer. A few weeks ago the rector asked the congregation for contributions to install electric lights in place of gas. Enough money has already been contributed and the work is practically completed, and the electric lights will be used for the first time to-morrow night. The rector also asked for contributions for a new brass pulpit as a memorial to a former rector, Rev. John H. Elliott, D. D. Within a week the entire amount was subscribed

and the pulpit has been ordered.

The Ladies of the Parish Aid Society has also joined in the spirit of progress, and have undertaken the cleaning and redecorating of the walls of the interior of the church. The contract for this work has been awarded and will be begun early in July. Best of all, the money is already in hand to pay for it. A beautiful, roomy residence for the

rector, Rev. J. Henning Nelms, has been secured. It is ideally situated just across the street from the church and is built on a lot adjoining the lots recently purchased for a parish house. The rector has moved in and his address is now 1121 Twelfth street northwest.

There was a meeting Monday last of the board of managers of Diocesan Missioners at Ascension Church, at which, considering the time of year, there was quite a good attendance of the managers. The meeting was called for 2:30 p. m., and it opened promptly for business at that hour, with a good many items calling for

very close attention. The question of the reunion of All Saints' Parish with Chaptico occupied a good deal of the board's time. It was felt by Bishop Satterlee, and the board has shared his feelings, that these two parishes ought never to have been separated, but they were separated as a matter of fact and the parishioners of neither think it wise to go back to the old state of affairs. REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND.

The woman who makes a man perfectly happy is the one who cares just enough to respond when he is interested and not enough to be interested when he doesn't respond. A married woman is always impressionable, because she has become

so used to a total abstinence from flattery that a compliment from a man goes to her head like wine to the head of the teetotaler. Refinement is what makes a man turn on his heel and go off to the club instead of staying at home and having a good, old-fashioned row with

Cultivated taste is what makes a man turn from the sporting page or the joke column to the editorials-when he notices anybody observing him. Take a spoonful of violet perfume, a pound or so of lace, a dash of
